INFORMATION ABOUT THE BOARD OF DIRECTORS

The Board of Directors and its Committees

Our business is managed through the oversight and direction of our Board of Directors. During fiscal 2012, we had three standing committees: the Audit Committee, the Compensation Committee, and the Nominating Committee. Our Board of Directors currently consists of seven persons. Under applicable Nasdaq and SEC requirements, (i) we are required to have a majority of independent directors, and (ii) all of the members of each committee, with the exception of the Nominating Committee, must be independent. The Board of Directors has affirmatively determined that each of H. Stuart Campbell, Michael T. Brooks, David M. Kelly, Luke R. Schmieder and Evan C. Guillemin is an “independent director” as such term is defined in Nasdaq Listing Rule 5605. The Board of Directors has also affirmatively determined that each member of each committee of the Board of Directors satisfies the independence requirements applicable to committees as prescribed by the Nasdaq Listing Rules and the rules and regulations of the SEC. Messrs. Sullivan and Dwyer are not “independent directors” because they either are employees of the Company or have been employed by the Company in the past three years.

The Board of Directors has the responsibility for establishing broad corporate policies and for the overall performance of the Company, although it is not involved in day-to-day operating details. The Board meets regularly throughout the year, including the annual organization meeting following the Annual Meeting of Shareholders, to review significant developments affecting the Company and to act upon matters requiring Board approval. It also holds special meetings as required from time to time when important matters arise, requiring Board action between scheduled meetings.

Directors are elected at each Annual Meeting of Shareholders and serve until a successor is duly elected and qualified at an appropriate Annual Meeting of the Shareholders. Vacancies may be filled by an affirmative vote of the majority of the remaining directors.

No director attended fewer than 75 percent of the aggregate of the total number of meetings of the Board of Directors and the total number of meetings held by all committees of the Board on which he served.

Each non-employee director will be compensated separately for service on the Board and is reimbursed for expenses to attend Board meetings. Members of the Audit, Nominating and Compensation Committees are not compensated separately for service on those committees.

Meetings of the Board of Directors

The Board of Directors met seven times during fiscal 2012 and each director attended each meeting held during the time in which he was serving as a director.

Attendance at Annual Meeting

Although we do not have a formal policy regarding attendance by the Board of Directors at the Annual Meeting of Shareholders, we encourage directors to attend, and the annual meeting of the Board of Directors typically is held on the same day as the Annual Meeting of Shareholders. We anticipate that each director nominated for re-election will attend both meetings in 2012.

Committees of the Board

The charter of each committee is available in print to any shareholder who requests it, or on our website at www.mesalabs.com/corporate. Each of the following Directors are members of all of the committees (Audit, Compensation and Nominating):

Michael T. Brooks

H. Stuart Campbell, Nominating Committee Chairman

Evan C. Guillemin, Audit Committee Chairman

David M. Kelly, Compensation Committee Chairman

Luke R. Schmieder

In addition to the standing committees mentioned above, the Board may convene special committees to consider various other matters as they arise. During fiscal 2012, the Board did not convene any special committees.

Audit Committee. Pursuant to its charter, the Audit Committee assists the Board of Directors in overseeing (i) the financial statements and audits of the Company, (ii) the Company's compliance with financial reporting requirements, and (iii) the independence and performance of the Company's internal and external auditors. The Audit Committee charter further requires the Audit Committee to, among other things:

- Review the annual audited financial statements with management and the independent auditors and determine whether to recommend to the Board that they be included in the Company's Annual Report on Form 10-K;
- Review proposed major changes to the Company's auditing and accounting principles and practices;
- Review and evaluate the Company's system of internal control;
- Review significant financial reporting issues raised by management or the independent auditors; and
- Establish procedures for the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters as well as the confidential and anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

The Audit Committee met eight times during fiscal 2012. All members of the Audit Committee were present at each meeting. The Board of Directors has determined that Mr. Evan Guillemin is an "audit committee financial expert" as defined in the applicable rules and regulations of the Exchange Act and is "independent." The SEC has indicated that the designation of a person as an "audit committee financial expert" does not (i) mean that such person is an expert for any purpose, including without limitation for purposes of Section 11 of the Securities Act of 1933, as amended (ii) impose on such person any duties, obligations, or liability that are greater than the duties, obligations, and liability imposed on such person as a member of the Audit Committee and the Board of Directors in the absence of such designation, or (iii) affect the duties, obligations, or liability of any other member of the Audit Committee or the Board of Directors.

As required by Nasdaq, our Board of Directors has reviewed the qualifications of its Audit Committee members and has determined that none of them has a relationship with us that may interfere with the exercise of their independence from management and the Company.

Compensation Committee . Pursuant to its charter, the Compensation Committee assists the Board of Directors in fulfilling its oversight responsibilities for compensation of executive officers and administration of the Company's compensation and benefit plans.

The Compensation Committee met two times during fiscal 2012, and all members of the Compensation Committee were present at each meeting.

Nominating Committee. The Nominating Committee assists the Board of Directors in identifying qualified individuals to become members of the Board. The committee met two times during fiscal 2012, and all members of the Nominating Committee were present.

Special Committees. As needed, special committees may be constituted by the Board to review special matters or assist in special investigations and any matters which may arise out of those investigations. In fiscal 2012, we had no special committees.

Director Nominations

In evaluating potential director candidates, the Nominating Committee considers the appropriate balance of experience, skills, and characteristics required of the Board of Directors, and seeks to ensure that at least a majority of the directors are independent under the applicable Listing Rules of The NASDAQ Stock Market. The Nominating Committee selects director nominees based on their personal and professional integrity, depth and breadth of experience, ability to make independent analytical inquiries, understanding of our business, willingness to devote adequate attention and time to duties of the Board of Directors, and such other criteria as are deemed relevant by the Nominating Committee. The Nominating Committee believes that the backgrounds and qualifications of the directors, considered as a group, should provide a diverse mix of experience, knowledge, and skills.

In identifying potential director candidates, the Nominating Committee relies on recommendations made by current directors and officers. In addition, the Nominating Committee may engage a third party search firm to identify and recommend potential candidates. Finally, the Nominating Committee will consider candidates recommended by shareholders.

Compensation Committee Interlocks and Insider Participation

During fiscal 2012, no members of our Compensation Committee were executive officers serving on the Compensation Committee of another entity whose executive officers served on the Company's Board of Directors. No member of the Compensation Committee was an officer or employee of the Company, or had a business relationship with or conducted any undisclosed transactions with the Company.

Board Leadership

The role of Chairman is currently held by Mr. Luke R. Schmieder and the role of CEO is held by Dr. John J. Sullivan. Because of Mr. Schmieder's role as founder, and his successful tenure for more than 25 years as CEO with the Company, the Board believes he is best suited for the Chairman's role. It is the Board's opinion that Dr. Sullivan's training and experience with similar organizations and his experience in increasingly responsible positions within the Company makes him well suited for the role of CEO. Mr. Evan Guillemain currently serves as the Company's Audit Committee Chairman. Mr. Guillemain has considerable experience both as a CFO and in financial analysis, which makes him well suited to this role. Besides his almost 30 years of experience with the Company, Mr. Campbell has served on the boards of several other successful publicly owned companies over his career.

Risk Oversight

The Board of Directors takes a key role in overseeing the Company's risks. The Board receives frequent timely reports of the Company's financial performance, changes in and composition of balance sheet accounts, quality assurance program effectiveness, product liability risks and status of relationships with all business constituencies including customers, employees, suppliers and government entities. The Audit Committee receives regular reports on Mesa Laboratories, Inc.'s compliance with securities laws and communicates with the SEC and shareholders. The Audit Committee has established an independent whistleblower hot line to encourage early and anonymous reporting of accounting irregularities or other violations of its codes of ethics. The Board of Directors routinely reviews litigation threats, product/market strategies and operational activities of the Company.

Code of Ethics

We have adopted a Code of Business Conduct and Ethics that applies to all of our employees, executive officers and directors, including our principal executive officer and principal financial officer. The Code contains written standards that are reasonably designed to deter wrongdoing and includes provisions regarding ethical conduct, conflicts of interest, proper disclosure in all public communications, compliance with all applicable governmental laws, rules and regulations, and the prompt reporting of violations of the Code and accountability for adherence to the Code. A copy of the Code is available at no charge on our web site at www.mesalabs.com/corporate/.

Shareholder Communications with the Board

Shareholders and other interested parties may communicate with one or more members of the Board of Directors by writing to all or one of the following: Audit Committee Chairman, Compensation Committee Chairman, or Nominating Committee Chairman, c/o Corporate Secretary, Mesa Laboratories, Inc., 12100 West Sixth Avenue, Lakewood CO 80228.

COMPENSATION, DISCUSSION AND ANALYSIS

Compensation Committee

The Compensation Committee supervises our executive compensation program for Named Executive Officers ("NEOs"). All members of the committee are independent, non-employee directors. As a group, the committee reports to the full Board of Directors. Our CEO, upon request, may attend selected meetings of the committee and/or provide input regarding executive compensation to the committee. The committee has the authority to engage outside consultants or purchase compensation surveys, if needed, for evaluation of executive compensation levels. The committee met two times in fiscal 2012.

Compensation Philosophy

The Compensation Committee has designed a compensation program for NEOs to attract, retain, and motivate talent in our competitive market environment while focusing the executive team and Mesa Laboratories, Inc. on the creation of long-term value for shareholders. NEO positions during fiscal 2012 included: Chief Executive Officer, President, Chief Financial Officer, Executive Vice President of Sales and Marketing and Executive Vice President of Operations. Other positions may be added as business conditions warrant.

Our compensation programs for our NEOs are designed to:

- attract and retain high performing and experienced executives;
- motivate and reward executives whose knowledge, skills and performance are critical to our success;
- align the interests of our executives and shareholders by motivating executives to increase shareholder value;
- foster a shared commitment among executives by coordinating their goals; and
- motivate our executives to manage our business to meet our short and long-term objectives, and reward them for meeting these objectives.

Our Compensation Committee administers four elements for NEOs: base salary (cash), short-term incentives (bonus), long-term incentives (equity), and benefits. The total compensation package reflects Mesa's "Pay for Performance" philosophy, which is to couple employee rewards with the interests of shareholders. We believe strongly that retention and motivation of successful employees is in the long-term interest of shareholders. The committee targets the total compensation level to be competitive with comparable companies in terms of size (as measured by revenue and market capitalization), our industry segments, and geographic locations.

Benchmarking

The Compensation Committee, with assistance from Company executives if required, researches compensation levels within Mesa's industry by investigating comparable company records, purchasing third party compensation surveys, or engaging compensation consultants. The acquired data is evaluated by the committee and is one factor in establishing compensation plans for the NEOs.

To help establish competitive compensation levels for fiscal year 2013, the Committee examined executive compensation survey data, both base salaries and total cash compensation, from ERI Economic Research Institute. The survey data was tailored to include only those U.S. public companies in the "Instrument Manufacturing" segment with revenues between \$20,000,000 and \$50,000,000 per year. The ERI survey included 90 public companies in the data set used to establish compensation statistics. This included companies that produced both medical devices and general electronic instruments, along with consumable supplies. The data was further adjusted for the geographic location of each NEO. The data from this analysis was used by the committee as one factor in determining compensation levels for base salary and total compensation.

Determination of Target Compensation

For fiscal 2013, the committee determined that an appropriate starting point for total compensation of the Company's NEOs is approximately the 50th percentile level, compared to the data obtained from the Benchmarking study. However, the committee used, not only the data from the Benchmarking study, but also considered individual and team executive performance, along with the financial performance of the Company, as criteria to establish target compensation levels for each NEO. From that analysis, and in consideration of Mesa's past and future expected financial performance, along with each individual's performance, the committee made adjustments to base salaries and target total compensation levels for each NEO that were implemented June 1, 2012.

Base Salary

For fiscal 2012, the base salaries established on June 1, 2011 for Dr. Sullivan, Mr. Peterson, and Mr. Adriance, were \$270,000, \$180,000, and \$150,000, respectively. Mr. Tranmer was named an executive officer of the company in October, 2011 and his salary was adjusted to \$150,000 at that time. Mr. Tranmer resigned as an executive officer of the Company effective July 9, 2012.

The base salary for each NEO was compared to the previously established target compensation levels, and in some cases, adjustments were warranted. Starting June 1, 2012, base salaries were established for Dr. Sullivan, Mr. Peterson, and Mr. Adriance of \$295,000, \$180,000, and \$190,000, respectively.

Short-Term Incentive Plan

Each NEO participates in Mesa's short-term incentive plan. The committee believes that it is in the best interest of our shareholders to have a substantial component of total compensation "at-risk" and dependent upon Company financial performance. For the purpose of the incentive plan, performance is measured by two variables: sales growth and profit growth. These variables are considered by the committee to be a reliable indicator for the creation of long-term shareholder value. Bonus payouts under the incentive plan are tied directly to achievement of these sales and profit growth targets for the fiscal year. If both the sales and profit growth targets are exceeded by a substantial margin, the maximum bonus payments are set at between 50% and 85% of the base salary for the various NEOs. Of course, if the Company's financial performance is poor, bonus payments could be at or near \$0. The committee reserves the right to adjust payments under the incentive plan, in the case of unusual circumstances or events concerning the Company or economic conditions in general.

We are not disclosing the specific target sales and profit growth targets set forth in the incentive plan because we believe that the disclosure thereof would cause us competitive harm. Because we are not disclosing these target objectives, we are stating our assessment of how likely it will be for these targets to be achieved by our NEOs. Although achievement of our target objectives involves future performance and, therefore, is subject to uncertainties, the Compensation Committee believes it has established target objectives that are achievable with an appropriate amount of dedication and hard work and, therefore, it is more likely than not that each NEO will earn a bonus under the incentive plan.

According to achievement of sales and profit growth, Dr. Sullivan, Mr. Peterson, Mr. Adriance, and Mr. Tranmer were awarded incentive plan payments of \$180,000, \$70,000, \$84,000, and \$60,000, respectively, for fiscal 2012.

For fiscal 2013 potential maximum incentive plan payments for Dr. Sullivan, Mr. Peterson, and Mr. Adriance are \$250,000 (85% of base salary), \$100,000 (56% of base salary), and \$140,000 (74% of base salary), respectively.

Long-Term Incentive (Stock Options)

The Compensation Committee believes that it is in the best interest of the Company's shareholders to provide incentives for Company stock ownership by each NEO. Stock ownership by our NEOs directly ties their long term compensation to the performance of the Company's share price. To achieve this goal, the Company makes stock option grants to each NEO at the time of hire and on an annual basis under Mesa's Stock Compensation Plan. These grants are either Incentive Stock Options (ISO) with a term of five years or Non-Qualified Stock Options (NQS) with a term of 10 years. In either case, the grant price is set at 100% of the market price on the day of the grant and the option vests at 25% per year for the first 4 years.

During fiscal 2012, Dr. Sullivan, Mr. Peterson, Mr. Adriance, and Mr. Tranmer were awarded 8,800, 4,400, 4,400, and 4,400 shares under options, respectively.

For fiscal 2013, Dr. Sullivan, Mr. Peterson, and Mr. Adriance have been awarded 8,000, 4,000 and 4,000 shares under options, respectively.

Other Benefits

Our philosophy is to provide only those other benefits to our named executives that are consistent with those generally offered to all of the other employees of the Company. As such, the NEOs have available various health, welfare, and retirement (401(k)) benefits.

Employment and Change-in-Control Agreements

During fiscal 2012, the Company entered into change of control severance agreements with Dr. Sullivan, Mr. Peterson, Mr. Adriance, and Mr. Tranmer. Severance payments will be made in the event of a separation of service 24 months after a change in control for an involuntary termination without cause or a voluntary termination for good reason. Severance payments will be paid monthly for 24 months, to include the individual's then current monthly salary, and the same percentage of Company-paid health and life insurance benefits.

Additionally, all outstanding unvested stock options, restricted stock, performance shares and stock appreciation rights previously granted will immediately vest, with a three month exercise period.

Nonqualified Deferred Compensation

The Company did not offer a nonqualified deferred compensation plan in fiscal 2012.

Compensation Plans

- *Participation in Compensation Plans*. Each NEO is eligible to participate in the following plans:
 - *Executive Compensation Plan*. Pursuant to this plan, each NEO has the opportunity to earn an annual bonus based on performance measures and annual incentive plan goals, which are established by the Compensation Committee. The opportunity to earn a bonus under the Executive Compensation Plan is expressed as dollar amounts to be paid for certain levels of net sales and income performance and is set each year for each NEO separately. For fiscal 2011 and 2012, the maximum percentages of base salary for the executive officers ranges from approximately 0% to 75%, with a target cash bonus set at 50% to 75% of base salary.
 - *Stock Option Grants*. Upon starting employment, the NEOs received grants of options. Each year, each NEO will receive an option grant to purchase shares of common stock based on the discretion of the Compensation Committee. These option grants vest over a four-year period based on continued service.
 - *Other Plans*. The NEOs and, to the extent applicable, the NEOs' families, dependents, and beneficiaries may participate in the benefit or similar plans, policies, or programs provided to similarly situated employees under our standard employment practices as in effect from time to time.
- *Termination and Change-in-Control Payments*. Employment with Mesa Laboratories, Inc. provides for the following termination payments:
 - Upon termination for any reason whatsoever, an NEO (or in case of death, his estate) is entitled to all salary and expense reimbursements due through the date of such termination and such benefits as are available pursuant to the terms of any benefit or similar plans, policies, or programs in which he was participating at the time of such termination.
 - Severance payments will be made in the event of a separation of service 24 months after a change in control for an involuntary termination without cause or a voluntary termination for good reason. Severance payments will be paid monthly for 24 months, to include the individual's then current monthly salary, and the same percentage of Company-paid health and life insurance benefits. Additionally, all outstanding unvested stock options, restricted stock, performance shares and stock appreciation rights previously granted will immediately vest, with a three month exercise period.

PROPOSAL 3
TO APPROVE AN AMENDMENT TO THE COMPANY’S ARTICLES OF INCORPORATION
TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK
FROM 8,000,000 TO 25,000,000

The Board of Directors has adopted, subject to Stockholder approval, an amendment to the Company’s Articles of Incorporation to increase the number of authorized shares of Common Stock of the Company from 8,000,000 to 25,000,000. The Board adopted this change for the following reasons:

- Allow for future realignment of the existing equity structure through, for example, a stock split
- Provide sufficient equity resources to support our acquisition strategy
- Increase the number of shares which could be used for future options and other share-related compensation to retain and attract employees

The additional shares of Common Stock authorized by the amendment to the Company’s Articles of Incorporation may be issued at the direction of the Board of Directors from time to time for any proper corporate purpose, including, without limitation, in connection with stock splits, stock dividends, sales of our Common Stock, employee stock incentive plans, other stock ownership plans, acquisitions and to engage in other types of capital raises or strategic transactions.

We have no plans, proposals or arrangements, written or otherwise, at this time to issue any of the additional authorized shares.

The increase in the number of authorized shares has no impact on the Company’s current equity compensation plan, nor current options outstanding.

The holders of shares of Common Stock do not presently have preemptive rights to subscribe for any of the Company’s securities and holders of Common Stock will not have any such rights to subscribe for the additional Common Stock proposed to be authorized. The Company currently does not anticipate that it will seek authorization from stockholders for issuance of additional shares of Common Stock unless required by applicable laws or exchange rules.

The first sentence of “Article Four – Capital Stock” of our Articles of Incorporation is proposed to be amended to read as follows:

“The amount of authorized capital stock of this corporation is twenty five million (25,000,000) shares of common stock, each share having no par value, and one million (1,000,000) shares of preferred stock.”

Effectiveness of the Amendment to Our Certificate of Incorporation to Increase Our Authorized Number of Shares of Common Stock

If Proposal 3 is approved, the amendment of our Articles of Incorporation will become effective upon filing the Articles of Amendment with the Secretary of State of Colorado, which we intend to do promptly after approval at the Annual Meeting. Our Board of Directors reserves the right, notwithstanding stockholder approval of Proposal 3 and without further action by our stockholders, to elect not to proceed with filing the Articles of Amendment if, at any time prior to filing thereof, our Board of Directors, in its sole discretion, determines that it is no longer advisable or in the best interest of the Company. The Articles of Amendment are subject to revision for such changes as may be required by the Colorado Secretary of State and other changes consistent with this proposal that we may deem necessary or appropriate.

Required Vote

We are asking you to approve the Amendment to the Company’s Articles of Incorporation to increase the number of authorized shares of Common Stock by 17,000,000 shares, to 25,000,000 shares from 8,000,000 shares. This approval will require the affirmative vote of a majority of the shares of our common stock outstanding.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS TO OUR SHAREHOLDERS THAT THEY VOTE “FOR” THE APPROVAL AND ADOPTION OF THE FOREGOING AMENDMENT TO THE COMPANY’S ARTICLES OF INCORPORATION.
